

PREAMBLE

As you may know, SBBC has a strategic plan that directs us to make a long term facilities plan. The brainstorming session associated with forming this plan has been put off because of the covid-19 pandemic.

THE ISSUE

Our current land use permit with Crown Lands gives us 1.00 acre of use. In the course of seeking to expand that to what we actually use at camp, we have discovered that we are unable to expand at this time. All land surrounding the camp is under Treaty Lands Entitlement (TLE) and is currently before the courts. We have been given no timeline for when this may be resolved, although we have been told it could possibly be up to twenty years. Until this is resolved, we will be unable to attain the necessary permits for building construction.

TAKING ACTION

Along with continuing to pursue the land use expansion, the board has been challenged by the response of God's people in the Bible when facing seemingly insurmountable roadblocks. It is apparent that time and again, the people stopped to fast and pray. It is only when we turn our concerns over to God that He has space to work.

SBBC PRAYER MEETING

WHEN

2 PM October 2, 2021

WHERE

Steeprock Bay Bible Camp

THE INVITATION

The board has selected the week of September 26-October 2 as a week of focused fasting and praying towards discerning God's will for SBBC for the future. We invite all supporters of the camp to join us in whatever fashion you feel able – anywhere from 5 minutes of prayer a day to constant fasting and prayer. We will finish the week with a focused prayer meeting at the camp 2 PM, Saturday, October 2. We invite everyone who is able to join us for this important work for SBBC!
